

- 1 Leo has some red and blue flags.
He has twice as many red flags as blue flags.
He has 10 red flags.

How many flags does he have in total?

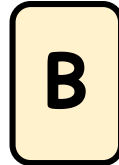

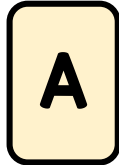

- 2 A baker needs 40 eggs.

He has 2 boxes of 12 eggs.

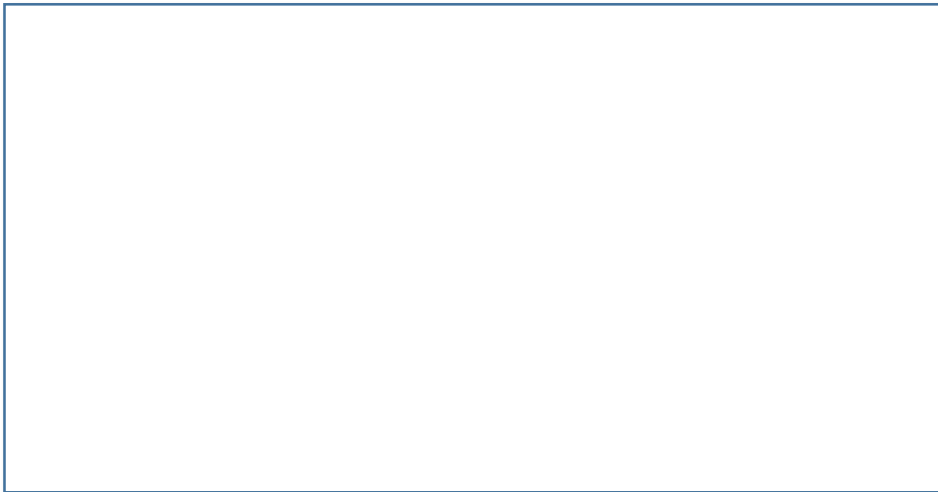

How many more eggs does he need?

3 Here are 2 number cards.

- B is three times the size of A
- The difference between A and B is 56

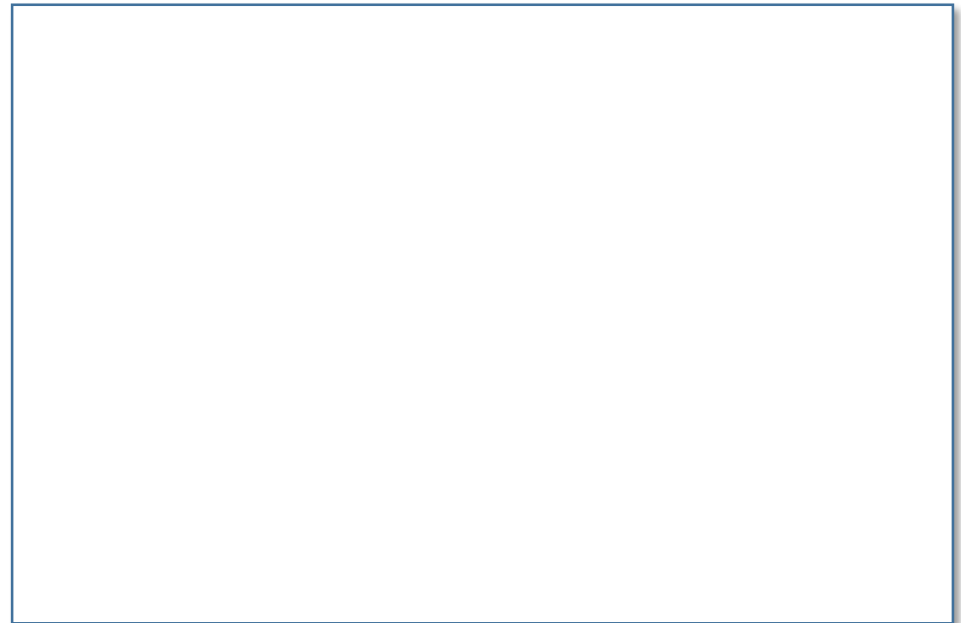

Find the sum of the two numbers.

A large, empty rectangular box with a thin blue border, intended for the student to write their answer to problem 3.

4 $\frac{2}{3}$ of a jug is filled with milk.

- Lisa pours $\frac{1}{6}$ of the milk into a glass.
- Now there is 112 ml of milk in the glass.

What is the capacity of the jug?

A large, empty rectangular box with a thin blue border, intended for the student to write their answer to problem 4.
