MR. MONOPOLY wants to trade your drawing skills for prizes*...

Pupils listen up! We have an amazing drawing competition for you to enter.

MONOPOLY is played with special pieces known as 'tokens'. The Hat, Dog, Cat and Battleship are the pieces that help you on your way to owning it all in **MONOPOLY!**

We want to trade your drawing skills for some truly fantastic prizes including:

- ◆ **Your height in board games**
worth £200 SRP*
- ◆ **£500 for your school –**
REAL money, not
MONOPOLY MONEY!

How to enter:

We want you to get creative and design a new **MONOPOLY** token inspired by a family object. It could be the family car, your pet or an old family treasure. Simply draw your token (overleaf) and tell us why that object is special to you.

**Remember, be creative
and have fun!**

*Board game prizes will be selected by the promoter and will be to the minimum value of £200 SRP (Standard Retail Price). The height of the games will be measured from the lowest depth of the packaging and costed until the value of £200 SRP has been met or the height of the winning child has been achieved, whichever is greater.
