

Growing together as children of God

At Holy Trinity C of E Primary School:

- ✓ we want our pupils to **grow** in confidence, independence, resilience and knowledge, so that all achieve their full potential and develop a life-long love of learning and of the world around us.
- ✓ we work **together** with families, community and church to model positive relationships, supporting each other and acknowledging that we are stronger when we work together.
- ✓ we are growing together as **children of God**, strengthening our faith, secure in the knowledge we are unique, loved and cherished.

Dear Parents and Carers

Thank you for your overwhelming support this academic year. I am so grateful to the whole school community for their unwavering loyalty to our school. I pray that everyone is able to have a restful and restorative summer break.

We said goodbye to our Year 6 pupils yesterday, and to others of our school community who are moving on. We thank God for each child and family who have come to Holy Trinity, and pray for them in their next adventure. My prayer is that they would know the love of God, and know that they are precious in the eyes of Jesus.

A prayer for all of our leavers

Father God,

We thank you so much for all of our Year 6 children, and others who are leaving Holy Trinity. Thank you for the gifts you have given them, and the people you have made them to be.

Please help them to settle well into their new schools, so that they can continue to flourish and grow.

We ask that you would give to them all that they need each day – patience, wisdom, courage and love.

We pray that you would keep them, their families, and the whole school community safe over the holiday. May there be good times of relaxation and fun.

Thank you that you love each one of us – help us to remember that you are there for us.

We pray all of these things in Jesus' precious name.

Amen.

Meet the Teacher Sessions

Further dates will be added to the calendar in September, but I wanted to let you know about the following opportunities for you to meet your child's new teacher, at the start of September:

Date	Year Group
Friday 5 th September, 8.45am	1
Monday 8 th September, 8.45am	2
Tuesday 9 th September, 8.45am	3
Wednesday 10 th September, 8.45am	4
Thursday 11 th September, 8.45am	5
Friday 12 th September, 8.45am	6

For each of the sessions, please meet in the playground, and the teachers will come and collect you.

Governor Annual Report

Do take a look at the Annual report produced by the Governors. I am so grateful to them all for their continued commitment to our school.

Design AND Technology

Donations request

If you are having a summer clear out and wish to donate any resources you no longer use, please bring them in to the office, labelled for Miss. Procter.

Please know that we would appreciate them at school to aid the children's learning.

Many thanks in advance for your contributions.

UK Health Security Agency

Your child's vaccine schedule

¹first dose, ²second dose, ³third dose, ⁴fourth dose

6-in-1 protects against diphtheria, tetanus, whooping cough, polio, Hib and hepatitis B

4-in-1 protects against diphtheria, tetanus, whooping cough and polio

Rotavirus vaccine offered first at 8 weeks of age and no dose of the vaccine can be given over 24 weeks of age

Follow your child's vaccine schedule to protect them against illnesses

Stick this timeline up as a useful reminder

- Illnesses like measles and whooping cough can spread very easily between children who are not vaccinated.
- These illnesses can make children very sick, leading to hospital stays or lifelong problems.
- If your child is not vaccinated, they are not protected.
- It's important that vaccines are given on time for the best protection. Some need booster doses later too.
- Check your child's red book or speak to your GP practice to see if they have missed any.
- You can still catch up on most missed vaccines.
- All the childhood vaccinations are free. As children grow up, they will be offered more vaccine appointments, right up until they are teenagers. Some vaccines are offered at school.
- Vaccinations offered by the NHS are thoroughly tested to assess how safe and effective they are. All medicines can cause side effects, but vaccines are among the very safest.
- Research from around the world shows that immunisation is the safest way to protect our children's health.

Are your child's vaccines up to date?
